These documents present the best written information on performance and maintenance of our systems. To date no documents of this nature exist covering the 14-Channel Data Reduction Racks G, H, J, K, L, M, and N. The preliminary 14-Channel Rack instruction guides should be available in about four weeks. When completed, copies will be forwarded to you. The materials we are forwarding to you are from our files and are not deliverable items under the contract. Feel free to keep them as long as you like, but please return them to us when you have finished with them. Please sign and return the enclosed receipt card for the classified material. We trust these documents will provide you with the required information.

Sincerely

Bob
